

Dual-Port USB Wall Charger with PD Charging - USB Type-C (39W) & USB Type-A (5V 2.4A/12W)

MODEL NUMBER: U280-W02-A1C1

Dual USB wall charger quickly charges a USB-C device and a USB-A device, including tablets and smartphones, at the same time.

Features

Dual USB Wall Charger Charges 2 Mobile Devices Simultaneously This dual-port USB wall charger with Quick Charge 2.0 technology lets you quickly and safely charge one USB-C mobile device and USB-A mobile device at the same time. Plug into any NEMA 1-15R, NEMA 5-15R or NEMA 5-15/20R outlet to ensure your smartphones, tablets and MP3 players, to name just a few devices, receive a satisfactory battery charge. The dual USB wall charger is compatible with Apple, Android, Windows and Amazon devices with USB-C, Thunderbolt 3 or USB-A charging ports.

USB-C PD Charging Port Supports Quick Charge 2.0 Technology The USB-C port is PD 2.0 compatible, supporting Quick Charge 2.0 Class A 5/9/12V technology. Instead of charging at a preset power level, this dual-port USB wall charger adapter adjusts to provide as much power as your QC-compliant device's battery can handle. Available outputs include 5V/3A (15W), 9V/3A (27W) and 15V/2.6A (39W), which can charge your QC 2.0 device much faster than traditional chargers.

Built-In Auto-Sensing Adjusts to Proper Power Level The USB-A port features auto-sensing technology that detects the connected device and automatically adjusts to the appropriate power level up to 5V 2.4A, perfect for fast-charging tablets and e-readers.

Folding Plug Design Perfectly Sized for Travel The dual USB travel charger is easy to carry in your purse, suitcase, backpack or laptop bag. The NEMA 1-15P plug folds into the unit when not in use to shield it from damage and prevent it from snagging or scratching your bag's contents.

Highlights

- Ideal for charging smartphones, tablets, e-readers and MP3 players while traveling
- USB-C PD Charging port supports Quick Charge 2.0 Class A 5/9/12V technology
- Auto-sensing USB-A port adjusts charging power level to your device up to 5V 2.4A
- Maximum charging power output of 51W: 39W USB-C and 12W USB-A
- Plug folds inward to protect it from damage and help the unit fit into a purse or bag

Applications

- Charge up to 2 smartphones, tablets, cameras, e-readers or any other USB-C, Thunderbolt 3 or USB-A devices

Package Includes

- U280-W02-A1C1 Dual-Port USB Wall Charger with PD Charging

Specifications

OVERVIEW	
UPC Code	037332214416
Over Current Protection	Yes
