

Clarity® SNAPT™ patch panels offer improved rear cable management with the addition of an adjustable depth rear management bar. The rear portion of these bars is also removable to provide more working room for the initial termination of panels. After cables are SNAP terminated, the rear bars are attached and adjusted to the depth that best matches the cable and rack selections.

## Specifications

### General Info

Product Line	Ortronics	UPC Number	662875677697
Country Of Origin	Mexico	Application Sector	Commercial/Industrial
Type	Panel		

### Additional Information

RoHS Conformant	Yes
