

Privacy Filter Black

Protect the data on your screen while on the move

 BAKKER ELKHUIZEN

Work Smart - Feel Good

Personal data are protected at all times

Privacy filters protect laptops and mobile devices against people looking at your screen over your shoulder by blocking the image on the screen to everyone except the user of the device.

The image is perfectly visible from straight in front, but nosy people next to you will only see a black-coloured screen. The advanced Micro-louvre technology obscures the view from the

Privacy filters protect laptops and mobile devices against people looking at your screen over your shoulder by blocking the image on the screen to everyone except the user of the device.
