 BAKKER ELKHUIZEN

Work Smart - Feel Good

Protect your business and customer data, whenever and wherever

Privacy filters protect laptops and mobile devices against people looking at your screen over your shoulder by blocking the image on the screen to everyone except the user of the device.

The image is perfectly visible from straight in front, but nosy people next to you will only see a gold-coloured screen. The advanced Micro-louvre technology obscures the view from the

Privacy filters protect laptops and mobile devices against people looking at your screen over your shoulder by blocking the image on the screen to everyone except the user of the device.
