### Neomounts Monitor Mount for mounting on poles (diameter 30-50 mm) for single 10"-30" Screen - Black

The Neomounts pole mount, model FPMA-WP300BLACK is a tilt-, swivel and rotatable pole mount for flat screens up to 30" (76 cm).

Ideal to mount screens up to 30" (76 cm) to any pole with a diameter between 30 and 50mm. This mount is a great choice when you want the ultimate viewing flexibility with your flat screen. Effortless position the display in almost any direction.

Neomounts' tilt- (180°), rotate (360°) and swivel (180°) technology allows the mount to change to any viewing angle to fully benefit from the capabilities of the flat screen. Depth of this mount is 43 centimetres. Cable management conceals and routes cables from mount to flat screen. Hide your cables to keep living room, bedroom or home cinema installation nice and tidy.

Neomounts FPMA-WP300BLACK has three pivot points and is suitable for screens up to 30" (76 cm). The weight capacity of this product is 10 kg each screen. The wall mount is suitable for screens that meet VESA hole pattern 75x75 and 100x100mm. Different hole patterns can be covered using Neomounts VESA adapter plates.

All installation material is included with the product.
