

# Table blender

## WMF Kult Pro high speed blender 1.8 l

**A versatile all-rounder – mix, stir, chop and purée at up to a powerful 36,000 rpm**

The WMF Kult Pro high speed 1.8 l blender has an impressive power output of 2.0 hp. This enables the 6-blade stainless steel knife to operate at an extremely high speed of 500 km/h, which makes it ideal for breaking down the delicate cell structures of fruit and vegetables. Automatic settings for crushed ice, smoothies, soups and sorbets make them easier to prepare. Individual speeds for spreads, dips, dressings, purée, baby food or light doughs are just as integrated as a pulse and cleaning function. Thanks to the practical opening with measuring mug, liquid ingredients can also be added straight into the 1.8 litre mixing jug, which is made from break-resistant and BPA-free Tritan. And thanks to the WMF Safety Handling technology, the mixer will only work when the lid is closed and the mixing jug correctly positioned. High-quality design, with Cromargan® casing and LED-illuminated control panel.

### Product highlights:

- Casing made from high-quality Cromargan® A powerful device for mixing, stirring, chopping and puréeing: 1,600 watts,
- up to 36,000 rpm, 2 hp and 500 km/h
- WMF safety handling: GS-certified safety shut-off ensures that mixing function only works when lid is closed and jug is attached correctly
- 1.8 l mixing jug made of break-resistant and BPA-free Tritan with opening and built-in measuring mug, dishwasher-safe
- High-quality 6-blade stainless steel knife with WMF Perfect Cut technology – chops both hard and soft ingredients in an instant
