Z1-3D (Gen 3)

Ergonomic screen positioning

Our monitor arms are height adjustable and allow you to easily adjust your screen to the ideal, ergonomic screen setting. The top of screen should sit just below eye level.

Enhanced Workspace

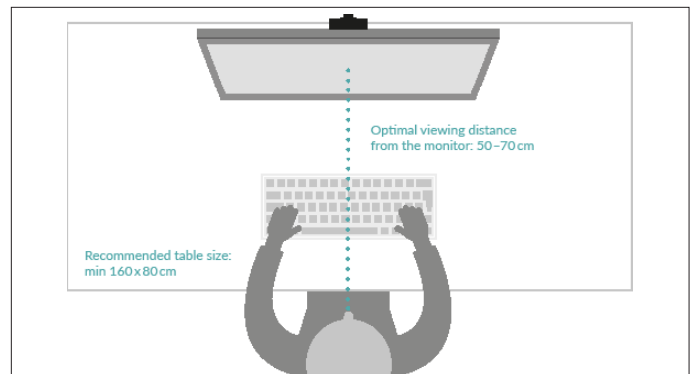

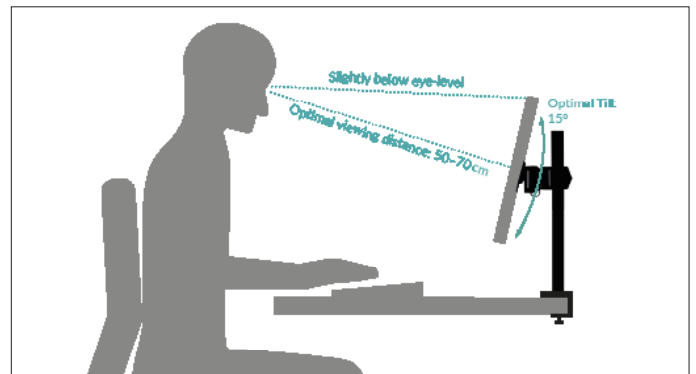

The Z1-3D (Gen 3) monitor arm helps keeping the desk tidy and creates more valuable space for the important things.

Full mobility for more comfort

Thanks to the Z1-3D (Gen 3) gas lift technology, the screen can be pulled up or pushed away smoothly and moved freely vertically.

Easily accessible SuperSpeed USB Hub

The SuperSpeed USB Hub with DC Power Jack provides a convenient place on your desk for connecting USB devices. Up to four devices can be connected simultaneously.
