

# HP Laser MFP 135r

Full-featured laser printing. Entry-level pricing.

Get productive MFP performance at an affordable price. Print, scan, and copy, and easily produce high-quality results.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>
