

Wireless Handheld Keyboard

The Wireless Handheld Keyboard lets teachers connect better with their K–12 students.

K75390US

Product Description

With the Wireless Handheld Keyboard, K–12 teachers can easily roam the classroom and connect better with students, while still fully controlling their screen. Gone are the days of being tethered to a cable, lugging a laptop around the classroom, or using a controller with limited ability. Compatible with Windows 7, 8.1, 10, and above, the Wireless Handheld Keyboard features a full QWERTY keyboard with touchpad and cursor control in a compact controller, a plug-and-play wireless nano receiver with a range up to 65 feet, and convenient quick-access keys for shortcuts.

Features

- Compact design with full-featured QWERTY keyboard, touchpad, and cursor control allows teachers to easily roam the room and connect better with students, while still fully controlling their screen.
- Wireless nano receiver delivers a stable connection for up to 65 feet.
- Quick-access keys provide convenient shortcuts to functions performed often.
- Seamless compatibility with Windows 7, 8.1, 10, and above.
- Long battery life delivered by two AAA batteries, for 60–80 hours of continuous use.

Specifications

- **Operating System(s)** Chrome OS, macOS, Windows
