## Taste the goodness of multigrain. Fast. With Hydro-penetration technology

With innovative Hydro-penetration technology, Philips multigrain rice cooker enables fast water penetration into the core of each grain to reach 62% of the golden water content, well cooked to release a fragrant and glutinous flavor.

#### Hydro-penetration technology

- Enables grains to reach around 62% golden water content

#### Optimized cooking profile and iSpiral IH

- Precisely controls temperature at each cooking stage
- Ultra-strong current to enable the rotation of every grain

#### Fine iron FlamePot

- Fast heat distribution and good heat storage

#### Multiple functions

- Hidden Digital LED user interface
- Multi function for a variety choice

# Highlights

## Hydro-penetration technology

Hydro-penetration technology mimics nature to provide an optimum hydrophilic condition for grains to accelerate the skin split. This enables fast water penetration into the core to reach 62% of the golden water content.

## Optimized cooking profile

Dedicated and optimized cooking profile precisely controls temperature at each cooking stage to ensure tasty cooking result.

## Patented iSpiral IH heating

Philips patented iSpiral IH heating technology powerfully alternates heating with precision. It forms ultra-strong outside-in currents that enable every grain well cooked.

## Fine iron FlamePot

6-layer fine iron FlamePot: Non-sticky and wear resistant ceramic inner coating. Fine iron with High thermal conductivity enables fast heat distribution. Organosilicon outer coating ensures durability.

## Hidden Digital LED

Hidden Digital LED user interface is easy to use and gives a feeling of high-tech.

## 14 cooking programs

5 main menus for multigrain covering dried multigrain and porridge. 3 common types of white rice with 3 flavor options respectively.

# Specifications

## Accessories

**Included:** Measuring cup, Non-stick innerpot, Scoop, Steaming tray/basket

## Country of origin

**Made in:** China

## General specifications

**Product features:** Cancel button, Digital touchscreen, Preset cooking function, Time control, Power-on light

**Keep warm function:** 12 hour(s)

**Prefix programs:** 14 menus

## Service

**2-year worldwide guarantee**

## Sustainability

**Packaging:** > 90% recycled materials

**User manual:** 100% recycled paper

## Technical specifications

**Capacity bowl:** 4 L

**Cord length:** 0.8 m

**Frequency:** 50 Hz

**Voltage:** 220 V

**Power:** 1500 W

## Weight and dimensions

**Dimensions of packaging (LxWxH):**

420x335x317 mm

**Dimensions of product (LxWxH):**

352x285x225 mm

## Design

**Color of control panel:** Black

**Color:** Black
