

MPN: PP-007

19" FTP, Cat.6 patch panel, 24 port

The MicroConnect PP-007 19" FTP Cat. 6 Patch Panel provides a reliable and high-performance solution for your network infrastructure. Designed for standard 19-inch racks, this patch panel facilitates organized and efficient cable management, ensuring optimal network performance. Meeting Cat. 6 standards, it supports data transfer rates up to 1 Gigabit Ethernet, making it ideal for demanding network applications. Its FTP (Foiled Twisted Pair) construction offers enhanced protection against electromagnetic interference (EMI), guaranteeing signal integrity and minimizing data loss. Built to MicroConnect's exacting European quality standards, this patch panel delivers durability and long-lasting performance for your critical network connections. Benefit from our 20+ years of expertise in providing premium quality networking solutions.
