<sup>1</sup> Compared to Canon Direct Print & Share and based on "One Click Print." Applicable to PDF, JPEG, TIFF, DWF, HP-GL/2 files. <sup>2</sup> Using Lightweight Directory Access Protocol (LDAP).

\* Sused on comparable large-format inkjet printers under \$12,000 (USD) as of December, 2018. IDC figures show that Canon, Epson, and HP combine for 98% share of this printing category worldwide as of Q3, 2018. Most compact footprint calculated using all devices in "Operation mode" with an Open Basket and the arm of the Screen (front panel) spread out to enable user interaction and the scanner lifted on the Canon TX 3000 T36 MFP and the Epson SC-T5200 MFP to enable top media loading. Most quiet according to internal HP testing of sound pressure level during operating mode (plain paper, line drawing, Normal mode) compared to published specification of competitive printers. Percentage calculations of noise based on lineal units vs. Canon TX 3000 published spec of 5idB(A). Fastest printers only offering basket or bin with stacking position.

\*Requires purchase of the HP Design\_Jet T2600 PostScript\* models or optional HP Design\_Jet T2600 PostScript\* models or optional HP Design\_Jet T2600 PostScript\*. based on internal HP testing with PDF files containing special fonts, PANTONE® colors, smooth shading, overprint, and transparencies that can only be reproduced using the Adobe PDF Print Engine.
