

HP ThinPro Converter

From HP ThinPro PC Converter Solutions

EASILY ENABLE SECURE WORK TO HAPPEN ANYWHERE

Keep business going and help simplify virtual access for your workforce, whether they're in the office or working remotely. HP ThinPro PC Converter Solutions convert existing devices into secure, Linux®-based HP Thin Clients^{1,2}.

Quickly extend the life of multiple aging devices at once with a full OS replacement by using HP Device Manager to remotely mass deploy HP ThinPro Converter.

Convenient mass deployment

Easily convert any PC into an HP Thin Client. Quickly extend the life of multiple aging devices at once by using HP Device Manager to remotely mass deploy HP ThinPro Converter to them.

Secure, Remote access—anywhere²

Ensure peace of mind for ITDMs and secure access for workers, from anywhere, with the embedded security features and controls of HP ThinPro.

Mixed-device management made simple

After your devices are converted, centrally manage and monitor thousands of endpoints across your mixed-device environment without breaking a sweat with HP Device Manager.

USECASES
