

Watch & control your A/V set from the other room!

- *One video source input*
- *No more cables!*
- *Wireless RF system*
- *Plug & Play to all kind* of audio/video equipment*

PHILIPS

Wireless TV Link

Technical specifications

General product information

- Power supply 9V DC via 220-240 VAC/ 50 Hz adapter
- Power consumption 6 Watts
- Operating / storage temperature 5 to 45°C / -25 to 55°C
- Number of A/V source inputs 1

Wireless Audio/Video performance

- Supported video standards CVBS: PAL/NTSC/SECAM
- Video output 1Vpp into 75ohm
- Signal noise 47dB $\pm$ 6dB
- Audio format Stereo (L + R)
- Freq. Range 70 Hz – 20kHz ($\pm$ 3dB)
- Signal Noise 58dB $\pm$ 7dB
- Crosstalk (1kHz) 45dB, min.
- Distortion (1kHz) 2%, max.

RF A/V system information

- Typical range up to 100 m in open air, up to 30 m indoors
- Carrier frequency 2.4 GHz / FM mod.
- Transmission power <10 mW
- Multiple RF channels 4* to allow interference-free operation
- Antenna built-in

* May vary per country according to local regulations

RF Control system information

- IR carrier freq. Range 32-40kHz (universal remote control extender)
- RF carrier frequency 433.92 MHz / AM mod.
- RF transmission power <10 mW
- Antenna built-in
- Wireless Link RC operatable yes

Transmitter unit

- Dimensions (mm) 144 x 41 x 91
- Power on/off switch on the back
- Power indicator Green LED on the front
- RC signal indicator Red LED on the front
- RCA Input 1 CVBS video & stereo audio Left / Right

Receiver unit

- Dimensions (mm) 144 x 41 x 91
- Power on/off switch on the back
- Power indicator Green LED on the front
- RC signal indicator Red LED on the front
- RCA output 1 CVBS video & stereo audio Left / Right
- Capture range of IR receiver up to 7 meters max.

Packaging contents

- 1 transmitter unit
- 1 receiver unit
- 1 SCART to RCA cable (transmitter unit)
- 1 RCA to SCART cable (receiver unit)
- 2 power supply adapters
- 1 RC extender cord (1 IR LEDs)
- 1 Instructions for use booklet
- 12 NCVL1100/00 9082 100 01882
- EAN VL1100/00 87 10895 767484
- EAN outer carton VL1100/00 87 10895 769044

Watch & control your A/V set from the other room!

The Philips SBC VL1100 Wireless TV Link lets you watch, control and enjoy A/V content on your second TV located anywhere in your house in crystal clear pictures and stereo sound. There's no need to buy or rent duplicate A/V equipment. This way it extends your possibilities for viewing movies, sports events, live performances and an incredibly wide range of TV channels anywhere in your home.

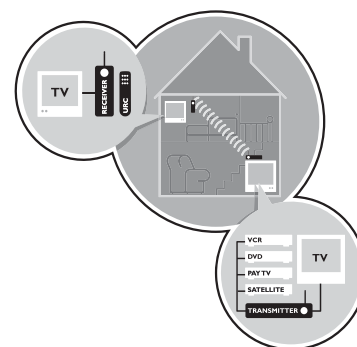

- One video source input
Allows you to connect one video device to watch in another room.
- No more cables!
No drilling or running cables to watch your video device at other locations.
- Wireless RF system
Delivers crystal clear pictures & stereo sound to your 2nd TV through walls and windows. The range is up to 30 meters indoors.
- Plug & Play to all kind of audio/video equipment*
Use with most brands of TV, VCR, DVD, SAT receiver, PayTV decoder or any other video device.

* The VL1100 may not work with the following equipment:
Bang & Olufsen, Nokia, Sagem & Pace
