HP PageWide XL 8000 Printer

The fastest large-format monochrome and color printer ever. with up to 50% savings in total production costs¹

EXCEL

Meet the tightest deadlines

- Print up to 30 A1/D pages/min (1500 A1/D pages/hr)—the fastest print speed in the market, even versus LED¹
- Deliver mixed monochrome and color sets in 50% of the time with a consolidated workflow²
- Start printing in 50% of the time³ an ultra-fast processor, native PDF management, HP SmartStream software
- Free up the operator—production stacker/online folder,⁴ up to 6 rolls, dual ink supplies with auto-switch

For more information, please visit hp.com/go/pagewidexl8000

EXPAND

Set the accurate, durable, color standard

- Help generate new business—print GIS map and point-of-sale (POS) poster applications at breakthrough speeds
- Set a new technical document standard with crisp lines, 2-point text, smooth grayscales, and vibrant color
- HP PageWide XL pigment inks—ISO certified for long-term storage, light/ water resistance⁵
- Print on HP and third-party media up to 40 inches/101.6 cm—covering ISO/US technical and offset standards⁶

SAVE

Cut total production costs up to 50%¹

- Print monochrome technical documents at the same or lower cost than comparable LED printers⁷
- Print color technical documents at the lowest cost in the market⁸
- Cut job preparation and finishing costs up to 50%²
- See up to 10 times lower energy consumption than comparable LED printers⁹

Dynamic security enabled printer. Only intended to be used with cartridges using an HP original chip. Cartridges using a non-HP chip may not work, and those that work today may not work in the future. More at: hp.com/go/learnaboutsupplies

Note: HP PageWide XL printers are not designed to use continuous ink systems. HP PageWide XL printers are designed for ink cartridges to be used until they are empty. Refilling cartridges prior to depletion might cause the printer to fail, and voids the HP ink cartridge warranty

- Based on internal HP testing on the HP PageWide XL 8000 Printer compared to using two different printers (one monochrome LED printer, one color printer). For testing criteria, see hp.com/go/pagewidexlclaims.
- Using HP SmartStream software compared with using equivalent software programs. For testing criteria, see hp.com/go/pagewidexlclaims.
- ⁴ The production stacker, HP HD/SD Pro Scanners, and online folder are optional accessories.

- Based on supplies and service costs for comparable color printers capable of printing 4 D/A1 pages per minute or more and under \$150,000 USD for large-format printing of technical documents as of April, 2015 and representing more than 80% of the market in the US and Europe in 2014 according to IDC. For testing criteria, see <u>hp.com/go/pagewidexlclaims</u>.
- Conclusions based on internal HP testing for a specific use scenario. Comparable printers using LED technology based on LED printers capable of printing 18 to 22 D/A1 pages per minute and which represent more than 80% of the share of high-volume LED printers in the US and Europe according to IDC as of April, 2015. For testing criteria, see <u>hp.com/go/pagewidexlclaims</u>.

¹ Fastest based on internal HP testing and methodology compared to alternatives for large-format printing of technical documents, GIS maps, and point-of-sale (POS) posters under \$200,000 USD as of March, 2015. Production costs savings based on comparison to a setup consisting of one monochrome LED printer and one color production printer, both under \$150,000 USD, as of April, 2015. Production costs consist of supplies and service costs, printer energy costs, and operator costs. For testing criteria, see <u>hp.com/go/pagewidex/claims</u>.

⁵ HP PageWide XL pigment inks are certified per the ISO 11798 Permanence and Durability standard, proving that prints made with HP PageWide XL printers using Original HP PageWide XL pigment inks withstand harsh exposure to light, water, abrasion, and handling, and long-term storage and heat, and remain legible in the future. For more information, see <u>hp.com/go/printpermanence</u>.
⁶ ISO/US technical and offset standards include American ANSI and Architectural page size standards, ISO A technical document standard, and ISO B offset page size standard.

Based on supplies and service costs for comparable LED printers under \$150,000 USD for large-format printing of technical documents as of April, 2015 which represent more than 80% of the share of high-volume LED printers in the US and Europe in 2014 according to IDC. For testing criteria, see <u>hp.com/go/pagewidexlclaims</u>.

¹¹ ±0.1% of the specified vector length or ±0.2 mm (whichever greater) at 23°C (73°F), 50-60% relative humidity, on A0/E printing material in Best or Normal mode with HP Matte Polypropylene and HP PageWide XL pigment ink

- Measured on HP Universal Bond paper.
- ¹² Print speed while printing to the HP PageWide XL High-capacity Stacker.
 ¹³ Measured using 91-cm (36-in) print width.

¹⁴ For longer plots (up to 200 m (656 ft)), image quality might be affected.

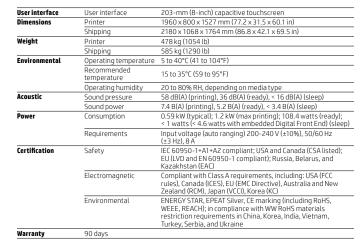

¹⁵ Monochrome scanning: A1/D image with black text graphics at 200 dpi; color scanning: A1/D fully-inked color image at 200 dpi, 24-bit RGB.

- ¹⁶ Long plots with reduced capacity.
- ¹⁷ Printing to non-HP large format printers is done through specific drivers, each of them covering several printers: Océ Windows Printer Driver (WPD), KIP Windows Driver WHQL, RICOH PostScript Driver, Xerox WHQL Driver. For more information, please visit: hp.com/go/smartstream/trial.
- ¹⁸ BMG trademark license code FSC®-C115319, see <u>fsc.org</u>. HP trademark license code FSC®-C017543, see <u>fsc.org</u>. Not all FSC®-certified products are available in all regions. For information about HP large format printing materials, please visit <u>HPLFMedia.com</u>.
- ¹⁹ Can be recycled through commonly available recycling programs

Mac

Universal

Dynamic security enabled printer. Only intended to be used with cartridges using an HP original chip. Cartridges using a non-HP chip may not work, and those that work today may not work in the future. More at: hp.com/go/learnaboutsupplies

		nowing HD works with HD DageWide XI. Channel Dartners to enable them to be

Enjoy best-in-class support services, knowing HP works with HP PageWide XL Channel Partners to enable them to be properly trained, certified, and equipped to meet your needs. With efficient support and innovative support features, such as printer self-monitoring, predefined resolution paths, and intuitive maintenance wizards, you can work with confidence every day. For more information, please visit hp.com/go/pagewidexlservice.

HP Financial Services can help you acquire an HP PageWide XL printing solution and accelerate the benefits to your business. Our solutions can help you increase your flexibility by preserving cash, freeing up budgets with a monthly payment structure, and offering an easy option to upgrade to the latest model when your business is ready. For more information, please visit the Programs and Promotions section on <u>hp.com/hpfinancialservices</u>. Find the media solution that fits your business and your HP PageWide XL printer at hp.com/go/mediasolutionslocator
