Faster from start to finish

Speeds up your ironing in 5 ways

Make ironing faster from start to finish: quick heat-up, XL water hole, powerful bursts of steam to tackle tough creases, durable ceramic soleplate for quick gliding, and our drip-stop system. That's five ways to speed up your ironing.

Easy ironing

- Drip-stop system keeps garments spotless while ironing
- Automatic shut-off when iron is left unattended
- Durable ceramic soleplate for easy gliding
- Easy cord wrapping with clip for quick, tidy storage
- Less refilling with extra-large 300 ml water tank

Long lasting performance

- Calc-clean slider for long-lasting steam performance

Fast ironing

- Extra-large water hole for fast filling and emptying
- Up to 180 g steam boost blasts stubborn creases
- Triple precision tip for optimal control and visibility
- Up to 2400 W* for quick heat-up in 30 seconds
- Continuous steam output up to 40 g/min*

Highlights

Drip-stop system

Our drip-stop system prevents leakage to avoid stains from water droplets — and iron with confidence at any temperature.

Steam boost up to 180 g

Penetrates deeper into fabrics to easily remove stubborn creases.

XL water filling hole

An extra-large opening for filling the water tank makes quick work of refills and emptying.

Automatic shut-off

The iron shuts itself off if you leave it standing still. On its heel rest, it will automatically switch off in 8 minutes. Lying flat, it shuts down after 30 seconds motionless.

Ceramic soleplate

Our durable ceramic soleplate glides well on any ironable garment. It's non-stick, scratch resistant and simple to keep clean.

Triple precision tip

The tip is precise in 3 ways. It has a pointed tip, button groove and sleek nose design. Our triple precision tip helps you handle even the hardest-to-iron spots, like buttons and pleats.

Built-in calc-clean slider

This iron operates with ordinary tap water. Calc-clean is a built-in cleaning function to remove calcium buildup, or limescale, and maintain peak performance.

The cord is easily wrapped around the base of the iron and held in place with a clip for tidy storage.

Up to 2400 W*

Delivers a fast warm-up in 30 seconds for a quick start.

300 ml water tank

Fewer refills are required thanks to a large 300 ml water tank. So you can iron more clothes in one go.

Specifications

Fast crease removal

Continuous steam: Up to 40 g/min*

Power: Up to 2400 W*

Steam boost: 180g

Variable steam levels

Vertical steam

Water spray
