

ideapad S540 (15")

STYLE AND ABILITY IN ONE.

Powered by 8th Generation Intel® Core™ processors and optional NVIDIA® GeForce® graphics, the Lenovo™ **IdeaPad™** S540 (15") offers you heavy-duty performance in addition to its premium look and feel. Enjoy the style of its narrow-bezel display, luxurious color palette, and aluminum chassis—knowing you can trust its processor and graphics to handle whatever you need them to do, while its excellent battery life gives you all the time you need to do it.

WHY YOU SHOULD BUY THE LENOVO IDEAPAD S540 (15")

Long battery life, short charging time

When you're on the move, you don't want to worry about scrambling for an outlet. That's why we designed the **IdeaPad S540 (15")** with up to 12 hours of battery life. If you do need to recharge, it won't take long. The S540's RapidCharge technology gives you up to 2 hours of use with just a 15-minute charge, and 80% capacity in about an hour.

Stay cool and quiet

Quiet, dual-action fans and an enhanced cooling design mean the **IdeaPad S540 (15")** won't overheat while you're working. We even engineered it so the fans are quiet.

Display of abundance

Narrow top and side bezels give this Full High-Definition display the prominence it deserves, so you can marvel at the richness of up to 72% NTSC color gamut.

Listen up

Whether you're listening to your favorite playlist or hosting an online meeting, you'll hear everything clearly, thanks to immersive Dolby Audio® Speaker system

Lenovo™

GO BOLDLY

With up to an 8th Generation Intel® Core™ processor, the **IdeaPad S540** delivers unprecedented power and responsiveness that's vital in today's fast-paced digital world.

- McAfee LiveSafe™⁶
- Microsoft Office

¹ All battery life claims are approximate and based on test results using the MobileMark® 2014 @150nit screen brightness ver.1.5 battery life benchmark test. Actual results will vary, and depend on numerous factors including product configuration and usage, software, operating conditions, wireless functionality, power management settings, screen brightness and other factors. The maximum capacity of the battery will naturally decrease with time and usage. See <https://bapcocom/products/mobilemark-2014/> for additional details.

² Optional.

³ The actual transfer speed of the USB 3.1 Gen 1 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, will be slower than a speed of 5 Gbit/s.

⁴ China only.

⁵ Japan only.

⁶ Not available in Japan.

LENOVO SERVICES

Warranty Upgrades - On-site / In-Home Service

Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

Accidental Damage Protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

Warranty Extensions (1-to-3 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
