

AIR CONDITIONERS PRODUCT FICHE

Brand	WHIRLPOOL
Commercial code	PACW212CO
Cooling sound power value for IDU	64
Refrigerant gas type	R290
Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to [GWP]. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be [GWP] times higher than 1 kg of CO₂, over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional.	3
EER Cooling	2.6
Energy efficiency class	A
Energy consumption 1.4 kWh per 60 minutes, based on standard test results. Actual energy consumption will depend on how the appliance is used and where it is located.	1.4 (kWh)
Cooling capacity	3.5 (kW)
