Soft silicone spout

- Soft silicone spout, gentle on gums

Ideal first-step into independent drinking

- Angled spout for easy drinking

Other benefits

- Dishwasher safe, easy to assemble and clean
- BPA free/0% BPA
- Mix and match

Highlights

Non-spill

No more mess! Our new built-in valve ensures liquid only comes out when your child drinks from the spout.

Soft silicone spout

When it comes to comfortable and easy drinking, little ones need a spout that's gentle on their gums. The My Grippy cup's spout is made from soft silicone, for comfortable drinking.

Angled spout for easy drinking

The angled spout is designed to help toddlers to learn how to drink from a cup.

Easy to clean and assemble

The Philips Avent spout can be easily assembled. All parts are dishwasher safe for your convenience.

BPA free/0% BPA

Our spout is made from BPA free/0% BPA materials.

Mix and match

Our spouts are compatible with Natural and Classic+ bottle ranges (excl. glass bottles), as well as our complete cup range (excl. the grown-up cups and Easy Sippy spout cups). So you can mix and match to create the perfect cup, suiting your toddler's individual development needs.
