BT8332

UNIVERSAL CEILING MOUNTED MENU BOARD MOUNTING SYSTEM

The BT8332 is a modular ceiling mounting system for menu board installations of any size. The BT8332 can mount screens in landscape or portrait orientations with the option for tilt adjustment up to +20° for enhanced overhead visibility, perfect for fast food restaurants. As part of the System X range, the BT8332 can be used in thousands of different configurations and must be ordered according to your requirements using B-Tech's online configuration tool (see below, right).

SPECIFICATION

Recommended screen size	32" - 65"
Max load	50kg (per screen)
Tilt range (where applicable)	+20°
VESA® & non-VESA fixings	(max vertical dimension) 400mm*
Pole Length	0.5m up to 3m (can be cut to length)
Colour (VESA arms)	Black
Colour (Horizontal Rail)	Silver
Colour (Poles & Ceiling Mount)	Black or Chrome

*The VESA specification of the BT8332 refers to the vertical dimension only. All System X interface arms can be positioned as far along the rail as necessary. It is also possible to increase the maximum vertical fixing to 600mm by using BT7564 interface adaptor arms (available separately). Please note that using these adaptors will increase the total depth on the install by 20mm.

FEATURES

- Universal design suitable for all sized screens up to 50kg (per screen)
- High-end aesthetic quality
- Suitable for landscape or portrait mounting
- Choice of fixed or tilting interface arms available to suit a range of installs
- Suitable for landscape, portrait and back-to-back mounting
- Combines with B-Tech's System 2 range to mount from the ceiling or in floor-to-ceiling configurations when wall mounting is not possible
- All arms feature levelling screws to adjust the screen height
- Tilting arms feature up to +20° tilt adjustment for enhanced overhead visibility
- Multiple rail lengths available (rails can be also be joined)

TECHNOLOGY FINALIST

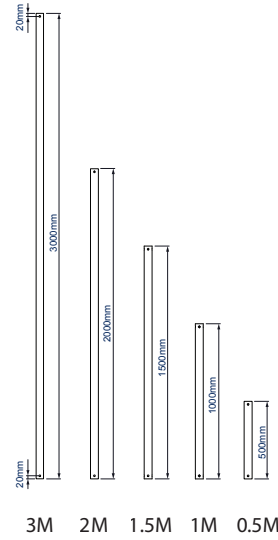

BT8332 configurations are made to your exact requirements and, as a result, utilise a varying combination of System X components in order to create the perfect solution. Below are technical drawings for the standard components used in every BT8332 configuration: **BT8390-CFK** Collar Fixing Kit, **BT7850** Ø50mm Poles and **BT8390** Mounting Rails (available in the lengths shown). Please visit our System X online configuration tool at www.btechavmounts.com/systemx-configurator to specify your requirements. All dimensions will be automatically calculated and a complete mounting solution with all required parts will be created for you.
