

Philips Viva Collection Toaster – Full metal

Perfectly crispy toast, hand cut or pre-sliced
Wide slot fits thick, thin, fresh or frozen slices

Fully metal toaster with self-centering extra wide slot for even browning regardless of slice thickness. With various browning options and integrated bun rack, you can enjoy perfectly crispy toast, warm pastries, rolls and buns.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Energy
