

## MAINSTREAM COMPUTING FOR A VARIETY OF BUSINESS USES

The ThinkCentre M6 Series Tiny is our entry-level ultra-small desktop, MIL-SPEC tested for reliability.

## ThinkCentre M630e Tiny

Smarter  
technology  
for all

Lenovo

96% smaller than a traditional desktop, this device can be placed on or under a desk, or behind a display with the optional VESA mount kit. Users can startup the device with a simple keyboard shortcut; useful if the desktop is mounted behind a screen or integrated into a projector ceiling bracket. Onboard HDMI and DisplayPort connectors enable up to 2 displays to be powered at 4K resolution.

### REASONS TO BUY

Although just about the size of a small book, this device has 6x USB ports including a USB Type-C port for high-speed data transfer. These can be managed to prevent unauthorized data transfer - useful if located in meeting rooms or public spaces.

With the ThinkCentre Tiny ecosystem this device can be converted into a modular all-in-one with the Tiny-in-One display, or add additional storage drives with the Tiny Storage Unit.

Highly energy-efficient, with Energy Star® and EPEAT® Silver certifications.

# ThinkCentre M630e Tiny

## KEY SPECIFICATIONS

Processor	up to 8th Gen Intel Core i5 processor
