

## ClickSafe® Combination Laptop Lock for Wedge-Shaped Security Slot

The perfect combination of trusted security for your laptop's wedge-shaped security slot.

K67936WW

### Product Description

The ClickSafe® Combination Laptop Lock for Wedge-Shaped Security Slot delivers trusted combination lock security to your laptop. Features include ClickSafe® locking technology, a resettable 4-number dial, a cut-resistant cable, a pivoting and rotating head, and a two-year warranty. From Kensington, inventor and worldwide leader in laptop security locks.

### Features

- ClickSafe® locking technology allows the lock head to be attached with one hand in a single click.
- 1.8m (6 ft.) carbon steel cable with plastic sheath resists tampering, offers peace-of-mind, and delivers the same level of cut and theft resistance as thicker cables.
- A special pivot and rotate hinge on the cable allows flexible movement.
- Kensington locks are verified and tested. Each lock is precision engineered to meet or exceed rigorous industry standards for strength, physical endurance, and mechanical resilience.
- Register & Retrieve™, Kensington's online combination code registration program, allows for quick, secure, and easy code retrieval if your code is ever lost or forgotten.
- A two-year warranty means you can rest assured knowing you're covered by Kensington, inventor and worldwide leader in laptop security locks.

### Each information

Depth	1"
