

CP2RAIL02 RACKMOUNT RAIL KIT

Adjustable rails secure equipment at both the front and back of the rack.

The CyberPower CP2RAIL02 4-post rackmount rail kit provides a mounting solution for select 2U and 3U UPS systems weighing up to 500 pounds. The two adjustable rails (right and left) can be expanded from 20.1" to 35.8" for various sizing requirements and installed by a single person.

A Five-Year Limited Warranty covers defects in materials and workmanship in the product under normal use and conditions.

FEATURES

- Equipment support: 2U and 3U
- Adjustable range: From 20.1" to 35.8"
- Weight capacity: Supports up to 500 lbs.
- Attachment hardware included
