

PHILIPS

Ironing board

—

Designed for steam generators

GC221/88

Efficient ironing board

The ironing board plays an important role in the ironing experience. The Philips ironing board is designed to help get through the ironing faster and easier.

Fast ironing

- Multi-layered board cover for smooth gliding

Safe ironing

- Designed for stability: transport lock and feet caps

Highlights

Transport lock and feet caps

Transport lock prevents accidental collapsing of the board while ironing and also keeps the board closed during storage. The ironing board is supported by double leg construction with anti-slip feet caps that provides extra stability.

Multi-layered board cover

The board cover is made of 100% cotton and is supported by foam and felt layers. This combination provides a comfortable and smooth ironing surface.

Specifications

Board cover

Top layer: 100% Cotton
