

ALIENWARE™

The Alienware RGB Gaming Mouse

Fully Versatile Cross-Genre Gaming Mouse

For over two decades, Alienware has been dedicated to creating iconic and meticulously designed products that provide the ultimate gaming experience. Driven by our passion and guided by our fans, Alienware is now excited to announce the arrival of a gaming mouse versatile enough to fit any genre of gaming – the Alienware RGB Gaming Mouse

Overview

The Alienware RGB Gaming Mouse is a versatile cross-genre gaming mouse. Featuring 10 fully-programmable buttons with an optimized side button layout and a custom adjustable scroll wheel, the Alienware RGB Gaming Mouse provides a flexibility for any type of gamer.

Designed to enhance the experience of any game genre, the Alienware RGB gaming mouse comes with 10 buttons that are fully-programmable via the Alienware Command Centre software, in an optimized layout for faster reaction time in-game. The Alienware custom adjustable scroll wheel also allows users to toggle between either 12 or 24 steps per revolution for greater precision and control.

A best-in-class custom Alienware native 16,000 DPI sensor offers unsurpassed accuracy while pre-loaded tension on the main mouse buttons provides a crisp, tactile click feel.

The Signature Alienware ergonomic design offers a versatile grip that caters to any style and an expanded palm support for greater stability. The easy grip and full hand support means complete comfort for marathon gaming sessions.

The Alienware Difference

- Experience true versatility with the Alienware RGB Gaming Mouse. Armed with a 10 button layout that is fully programmable so you never lose a second in-game.
- Best-in-class custom Alienware native 16,000 DPI sensor for optimal accuracy & performance.
- Custom Adjustable scroll wheel allows users to choose between either 12 or 24 steps per scroll wheel revolution for precise control
- Pre-loaded tension on main mouse buttons for a controlled, crisp, tactile click feel for increased responsiveness
- Signature Alienware ergonomics that caters to a majority of hand sizes & usage styles, and is designed to provide comfort for long hours of gameplay
- A robust construction and premium finish ensure it is built to last.
- Available in Dark Side of the Moon
