

HDMI (M) to DVI-D (M) passive bi-directional cable, 1.8m (6ft)

Trusted connectivity for monitors and multimedia consoles.

K33022WW

Product Description

An essential cable for connecting laptop and desktop PCs with either HDMI or DVI to monitors that have the reverse, the Kensington HDMI (M) to DVI-D (M) Passive Cable provides trusted connectivity for monitors and multimedia consoles, including Blu-ray players, Apple TV, Roku, Play Station 3/4, Xbox One/360 or Nintendo Wii. This quality cable is tested to perform with Kensington docks – and is backed by a Kensington Limited Lifetime Warranty. Quality cable construction includes outer & inner shielding to minimise possible radio (RFI) and electromagnetic (EMI) interference, gold-plated connectors and thumb screws to provide consistent cable performance.

Features

- Connects a computer graphics card with DVI to a monitor or HDTV with HDMI input OR connects an HDMI source device to a monitor with DVI-D input.
- Provides support for high definition video.
- Built using components that ensure the consistent video transmissions.
- Buy with confidence – certified by HDMI Administrator Licensing, Inc.
- Accommodates desktop setups.
- Works with Kensington docking station deployments.

Specifications

- **Video ports** DVI-D, HDMI
