Dell ProSupport for PCs

Let's face it, sometimes basic hardware warranty just won't cut it. With one simple upgrade, find peace of mind and expert, 24x7 support. Automatic, proactive problem-solving takes the tedious steps out of tech support. Get the best out of your teams and let us worry about IT.

It's a safe bet, we'll call you first! Proactive alerts and automatic case creation allow Dell to start working on the problem before you can make a call.

Work anywhere, support everywhere. Our in-region ProSupport engineers are ready to help with onsite next business day service³ whether you're in the office or around the globe, any time of day.

Through rain, sleet or snow...really! Our 6 Global Command Centers ensure parts and labor get to you through any weather, natural disaster, traffic or crisis.

One call fixes it all. Don't get caught in a multi-vendor loop. ProSupport offers hardware and software support and assistance with third-party suppliers.

ProSupport with SupportAssist³ frees your time

Removing risks for your business

SupportAssist uses industry-standard precautions to protect system state information and ensure its security.

- Information is encrypted with 256 bit and transferred securely using SSL protocol
- Only system state info is used for troubleshooting
- Dell hosts system state info in a secure data center with a variety of security measures
