B-TECH AV MOUNTS

IDEAL FOR
 PROJECTION
 MAPPING

BT898

ENHANCED PITCH STACKABLE HEAVY DUTY PROJECTOR FLOOR MOUNT WITH PULL-OUT SERVICE TRAY

Designed to floor mount projectors up to 75kg, this heavy duty mount can be stacked to create a column of XL projectors. Similar to the BT897 projector mount, the BT898 features enhanced pitch of 30° for a greater angle of adjustment (accommodated by a taller cage to protect the projector at the enhanced angle). The projector fixes to a slide out tray which allows for quick and easy servicing without needing to disassemble any part of the installation. Pitch, yaw and roll micro-adjustment allows easy alignment of projected images. Cable management is included for a neat and tidy installation. This projector can be used independently or in conjunction with the BT897 heavy duty stackable projector mount.

SPECIFICATION

Max Load	75kg per unit
Max Projector Size	up to W: 800 x D: 1000 x H: 350mm
Tilt (Pitch)	+30° (+4.5° with micro-adjustment)
Yaw	2.5° (with micro-adjustment)
Roll	+4.5° (with micro-adjustment)

Projector mount must be bolted to the floor

FEATURES

- Ideal for projection mapping
- Modular design allows mounts to be stacked (to a max height of 2.6m)
- Projector tray slides out to allow access to the projector for servicing & adjustment*
- Projector can be quickly connected or disconnected for off-site servicing if required
- Tool-less micro adjustment
- Tilt, pitch and yaw positions are maintained while projector is disconnected, eliminating the need to re-calibrate micro-adjustments after servicing
- Quick and easy assembly
- Integrated cable management
- Open design gives suitable ventilation for projectors
- Designed for indoor or outdoor use when protected in a sheltered environment

**Only one projector can be in the service position at one time*

Slide out tray allows quick and easy servicing without any disassembly

Features enhanced pitch of 30° in 5° increments

Micro-adjustment for perfectly framed projection

Can be used in conjunction with the BT897 Stackable Projector Mount (middle/ bottom tiers)
