

Docking Station

Thunderbolt™ 3 Dual DisplayPort Portable Dock

Part no. TB3D2DPBL-SGR

-  Thunderbolt™ 3 Certified
-  4K Video Output
-  DisplayPort
-  Dual Display
-  USB 3.1 (Gen 1) Port
-  Gigabit Ethernet

One cable for Power, Video & Data

The dock connects to your Thunderbolt 3.0 enabled laptop by just one single Thunderbolt cable to connect dual monitors with resolution support up to 4K@60Hz, Gigabit Ethernet and USB-A 3.1 port all at the same time.

Compact & Portable

The dock has compact form factor with a small foot print for ease of use on a desk or can be a perfect travel companion for on the go use. Aluminium construction makes the dock light weight and rugged at the same time.

Dual Display Output, Gigabit Ethernet and USB Expansion: Increased Productivity

The portable dock allows you to connect two monitors simultaneously through two DisplayPort outputs on the dock to extend or mirror the content. The maximum resolution supported with dual display is 4096x2160@60Hz. The dock also features a gigabit ethernet port to enable a wired network connection. The USB-A 3.1 lets you connect any USB-A accessory such as hard drives, USB sticks, keyboards, mice etc.
