Features

- The dual locking mechanism lets you use the traditional keyed lock or the convenient resettable three-dial combination lock (with 1,000 possible combinations).
- Lightweight, splash-resistant, durable, high-impact ABS plastic is easy to take with you to keep valuables safe while at the beach, gym, pool, on a cruise ... you name it.
- A strong, adjustable security strap allows you to tether the lock box to a stationary object and can also be used as a convenient carry handle.
- From Kensington, trusted for more than 25 years as a leader in physical device security.
