

TSA Accepted 4-Dial Combination Lock — 4-Pack

Get the perfect combination of security and convenience.

K66101NA

Product Description

Get the perfect combination of security and convenience. The TSA Accepted 4-Dial Combination Lock with 10,000 resettable combinations allows TSA agents to use a master key to open the lock and inspect your bag if necessary. All without causing damage to the lock or your luggage. From Kensington, leaders in device security.

Features

- TSA Accepted/Travel Sentry Certified allows TSA agents to use a master key to open the lock and inspect contents without causing damage to the lock or luggage.
- Solidly constructed with high-quality plated steel and zinc alloy.
- Also great for non-travel use, including securing lockers, cabinets, and more.
- Easily maneuverable dials allow you to choose and set your own passcode from 1,000 possible combinations.
- From Kensington, trusted for more than 25 years as a leader in physical device security.
