

NGS WIRELESS KIT MATRIX KIT

ULTRA SLIM MULTIMEDIA KEYBOARD & MOUSE SET

NGS Matrix Kit is a reliable 2,4 GHz wireless keyboard and mouse combo with slim design and multimedia keys for instant access to media controls, greatly facilitating the computing tasks.

The optical mouse has an accurate resolution with adjustable speed (800/1200/1600 dpi). It includes a non-slip wheel for a better grid with **scroll** and **2** side buttons.

The mouse comes with a nano receiver which can be placed under the mouse, or it can remain connected to the palmtop without risk of fall or loss.

The compact mouse is suitable for left and right handed users.

The keyboard features 12 commonly used multimedia keys for instant access to media controls, greatly facilitating the computing tasks. It also features LED indicators for Caps, num-lock function and Low Battery.

The flat keys "X-type" keystroke is soft, handy and whisper-quiet.

It also incorporates a minimalist and spill resistant design, offering lasting performance, approximately 10 million keystrokes.

Equipped with rubber pads to assure a stable position of the keyboard and avoid slipping.

Furthermore, NGS Matrix Kit includes Plug & Play function through its NANO receiver and wireless 2.4GHz USB connection that permits connecting the device to the computer immediately. The receiver allows the set to work wirelessly within a range of 10 meters.
