- Drip-stop system keeps garments spotless while ironing
- 100 g steam boost to remove stubborn creases easily
- 4 steam settings for better results on different fabrics

Longer lifetime

- Calc Clean slider for durable steam performance

Highlights

220 ml water tank

Less refilling with the extra-large 220 ml water tank so you can iron more clothes in one go.

Integrated water spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

Larger soleplate

Larger soleplate to cover more in one go*

Easy water filling

Wider hole for easy water filling*

Continuous steam up to 25g/min

Continuous steam up to 25g/min for good crease removal.

Power up to 2000 W

Power up to 2000 W enables constant high steam output.

Drip-stop system

Our drip-stop system prevents leakage to avoid stains from water droplets — and iron with confidence at any temperature.

Steam boost up to 100 g

Steam boost up to 100g for fast removal of even the most stubborn creases.

Ceramic soleplate

Our durable ceramic soleplate glides well on all garments. It's non-stick, scratch-resistant and simple to keep clean.

4 steam settings

4 steam settings for better results on different fabrics

Auto shut-off switches off

The iron shuts off automatically when left unattended. If it is left on its heelrest it will switch off in 8 minutes. When left on the soleplate or on the side, it only takes 30 seconds before the iron shuts off.

Calc Clean slider

This steam iron can be used with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.
