- Drip-stop system keeps garments spotless while ironing
- 100 g steam boost to remove stubborn creases easily
- 4 steam settings for better results on different fabrics

#### Longer lifetime

- Calc Clean slider for durable steam performance

# Highlights

## 220 ml water tank

Less refilling with the extra-large 220 ml water tank so you can iron more clothes in one go.

## Power up to 2000 W

Power up to 2000 W enables constant high steam output.

## Ceramic soleplate

Our durable ceramic soleplate glides well on all garments. It's non-stick, scratch-resistant and simple to keep clean.

## Integrated water spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

## Drip-stop system

Our drip-stop system prevents leakage to avoid stains from water droplets — and iron with confidence at any temperature.

## 4 steam settings

4 steam settings for better results on different fabrics

## Continuous steam up to 25g/min

Continuous steam up to 25g/min for good crease removal.

## Larger soleplate

Larger soleplate to cover more in one go\*

## Steam boost up to 100 g

Steam boost up to 100g for fast removal of even the most stubborn creases.

## Calc Clean slider

This steam iron can be used with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

## Easy water filling

Wider hole for easy water filling\*
