

## Capture The Unexpected

### DashCam C1

#### Roav DashCam C1

Roav's premier dashboard camera, engineered with an advanced sensor and a premium lens. NightHawk Vision technology, built-in Wi-Fi, and a dedicated app to track and record every drive in crisp 1080p quality—even at night.

Sony Sensor

Full High Definition

LCD Screen

Built-In Wi-Fi

Wide-Angle Lens

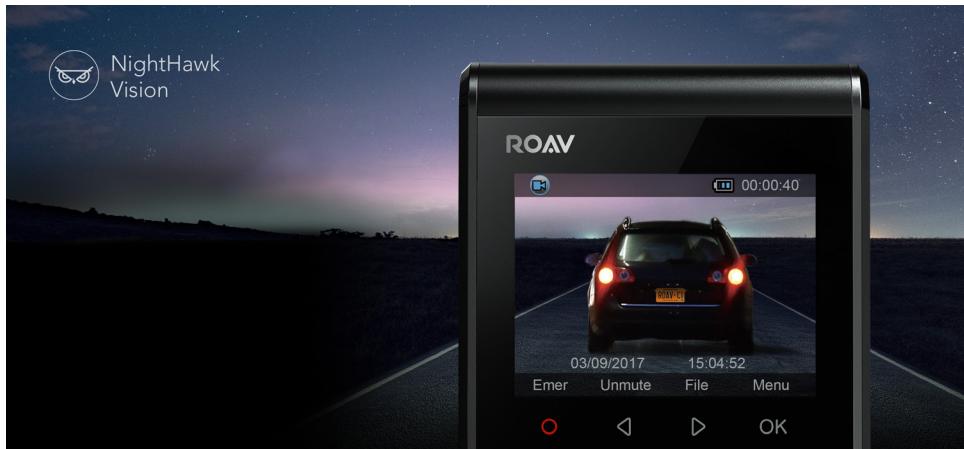

Parking Monitor

Wide Dynamic Range

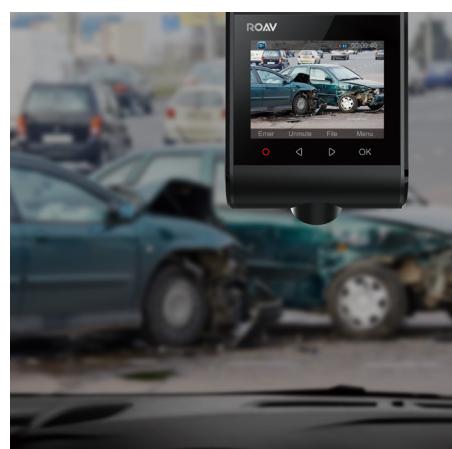

Dual Charging Ports

#### Clear Night Vision

NightHawk Vision technology enhances low light clarity to capture speeding license plates at night.

#### Discreet Design

Built compact for easy placement and to record every drive without being distracting.

#### Easy Sharing

Quickly download videos and share them online with the Roav app.

#### Emergency Recording

Equipped with a G-sensor to automatically record incidents—even when you're not in your car.
