

# NGS WIRED MULTIMEDIA KEYBOARD SQUAD

## WIRED KEYBOARD WITH 13 MULTIMEDIA KEYS

NGS Squad is a handy keyboard with USB connection that includes 8 multimedia keys in the upper part and 5 keys specific for Office down the side of the keyboard. These hotkeys make easier and faster the access to computer functionalities and other common functions.

Finished in black, combines matt and glossy materials, providing elegance and personality to the keyboard.

You'll enjoy a comfortable and quiet typing experience thanks to the membrane keys that barely make a sound. Furthermore, it features an original and spill resistant design, offering lasting performance, approximately 10 million keystrokes.

Its ability to be so resilient is due to the anti-wear treatment to prevent characters to wear off and assuring a lasting life.

NGS Squad also includes sturdy folding legs to increase the keyboard tilt, big rubber pads for extra grip and a 1,2 m length cable to address your personal ergonomic needs.

Finally, NGS Squad also incorporates Plug & Play function that permits to connect the computer immediately, no software needed.
