

4-Port USB 3.2 Gen 1 Hub

USB-C Male to Two USB-A Females and Two USB-C Females, 5 Gbps Transfer Speeds, Bus Powered, Black

Part No.: [164894](#)

More ways to connect your USB-A devices

The Manhattan 4-Port USB 3.2 Gen 1 Hub turns one of your device's USB-C ports into two USB-A and two USB-C SuperSpeed ports so you can easily connect a keyboard, mouse, thumb drive and more. Devices that fit the SuperSpeed (USB 3.2 Gen 1) spec enjoy transfer speeds up to 5 Gbps for external storage, printing and more, but the hub's SuperSpeed ports are backward compatible to accommodate devices running older USB versions. Plus, you can charge your phone or tablet since power flows at up to 5 V / 1 A.

Connectivity you can take with you

This hub's durable case, compact size and bus power mean greater portability for you when you have to be on your way. There's no power supply you have to pack up, so all you have to do is unplug the hub from your upstream device, disconnect your peripherals, and slip them and the hub in your laptop bag. The hub's Plug-and-Play installation and hot-swap ability makes it easy to get all set up for work — or play— in no time.

Features:

- Adds two USB-C and two USB-A SuperSpeed (USB 3.2 Gen 1) ports to your USB-C device for more access to your keyboard, mouse, flash drive, smartphone, tablet and more
- Supports SuperSpeed data transmission up to 5 Gbps
- Bus powered; no external power supply needed
- Includes an LED power indicator
- Plug-and-Play installation; hot swappable

- Windows and Mac compatible
- Three-year warranty

Specifications:

Standards and Certifications

- USB 3.2 Gen 1
- FCC
- CE
- RoHS2
- WEEE

General

- Data transfer speeds: 5 Gbps
- One USB-C plug
- Two USB-A ports
- Two USB-C ports
- Up to 1 A total power output
- Bus powered

Connections

- One USB-C, 24-pin, male
- Two USB-A, 4-pin, female
- Two USB-C, 24-pin, female

Physical

- 24-AWG cable gauge
- Cable length (including connector): 13.5 cm (5.31 in.)
- Withstanding voltage: 300 VDC
- Insulation resistance: 10 MOhm
- Conductive resistance: 5 Ohm
- Housing: ABS plastic
- Dimensions: 90 x 45 x 15 mm (3.54 x 1.77 x 0.6 in.)
- Weight: 39 g (1.1 oz.)
- Shielded

Operating Environment

- Operation Temperature: 0 – 40°C (32 – 104°F)
- Storage Temperature: -20 – 60°C (-4 – 140°F)
- Humidity (noncondensing): 5 – 90%

System Requirements

- Windows XP/Vista/7/8.1/10 or Linux or Mac 9.x/10.x or above

Package Contents

- 4-Port USB 3.2 Gen 1 Hub
- Quick Instruction Guide
