Canon

imageRUNNER 2600 Series

PRODUCTIVITY

- Fast print outputs and first copy out time (FCOT)
- Customisation of on-screen applications increases workflow efficiency
- Scan and convert documents to searchable PDF, Microsoft Word or Power Point files
- Print Hold function for a convenient final adjustment of print setting before job release
- Smart media handling enables up to 30 paper types registration and automated size detection
- Space saving optional inner finisher with staple-free binding and integrated manual stapling

USER EXPERIENCE

- Intuitive operation via a large colour touchscreen with smartphone like usability
- Advanced personalisation and customisation options tailored for user's workflow needs
- Integrated Home UI enables choice of frequently used settings from a single menu
- Automatic recovery from sleep mode* by placing paper on DADF or opening platen glass
- Innovative production processes, including welded frame, ensure lasting machine longevity and reliability

*imageRUNNER 2645i only

- Easy replacement of toner cartridge featuring anti-spill technology
- Compact design allows for a convenient office arrangements

SECURITY

- Secure boot at start-up enables preventative security measures to protect device from unauthorised modifications
- Advanced device and cloud-based authentication options
- Central control of security settings reduces administrator burden
- Encrypted PDF, plus device and optional user signature PDF provide additional authentication security levels
- Secure PIN and Forced Hold Print enhance document confidentiality
- Further actions to counter malware attack on the network include third party SIEM system integration
- Ensure data privacy across your network with IPsec and port filtering

MOBILE CONNECTIVITY

- Wireless LAN and QR code connection options for working from tablets and smartphones

- Mobile compatible remote UI with optimised display layout allows users to change the settings of print jobs on the go
- Support for Mopria, Apple Air Print, Google Cloud Print and Windows 10 Print
- Canon's PRINT Business app adds further functions to printing and scanning from mobile devices
- Status of the machine and consumables can be read from the connected mobile devices

CONTROL AND MAINTENANCE

- Centrally manage all devices on the network with cloud-based remote management options
- Remote Operators Software Kit provides alternative access to device, simulating control panel and hard keys on a network PC screen for remote operation of all system functions
- Compatibility with Canon's uniFLOW software solutions allows for tracking and reporting of print jobs
- e-Maintenance can improve uptime through remote diagnostics, automated meter readings and consumables monitoring
