Wireless workouts

Boost your workout with the Usan Sports Bluetooth Wireless Sports Earphones! Using these in-ears, you can enjoy your music with clear sounds, deep bass, and up to 10 meters range – without being restricted by wires.

Secure fit

These sports earphones come with over-ear hooks and sweatproof design (IPX4) for a secure and comfortable fit, even during sweaty workouts. Whether you go for a run, go to the gym or simply have a long walk, the soft rubber earbuds in three sizes make sure they will fit every ear comfortably.

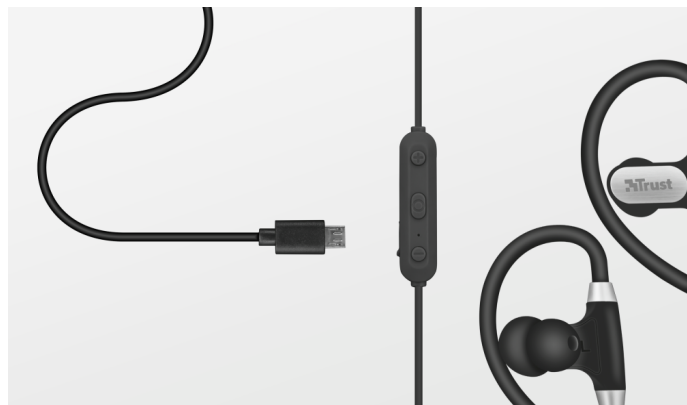

Control buttons

With the controls on the in-line remote, you can easily change the volume, switch songs or even pick up that incoming call. By pressing the play button for two seconds, you'll have quick access to the voice assistant of your smartphone: Simply wait for the connection sound and you can ask anything, set a reminder, get the weather report or make a quick call, without taking your phone out of your pocket.

Never run out of power

The Usan Sports Earphones provide up to 6 hours of music or phone calls on one charge. You can check the battery status of the earphones on your phone. Are they almost empty? Simply recharge them by connecting the included cable to any USB charger.
