

## ICY BOX IB-RPA103-PS

Power supply for Raspberry Pi®  
with power switch

### Key features

- Compact and energy efficient Micro USB charger
- Suitable for operating Raspberry Pi® computers and other Micro USB powered devices
- Including in-line on/off power switch (30 cm from USB interface)
- Short circuit, over-current and over-voltage protection
- 1.20 m cable with micro USB plug
- With up to 5.1 V@2.5 A output

### Packing content

1x IB-RPA103-PS, 1x Manual

### Technical data

|                     |                                          |
|---------------------|------------------------------------------|
| <b>Model</b>        | IB-RPA103-PS                             |
| <b>Article no.</b>  | 60481                                    |
| <b>EAN code</b>     | 4250078168621                            |
| <b>Brand</b>        | ICY BOX                                  |
| <b>Colour</b>       | Black                                    |
| <b>Material</b>     | Plastic                                  |
| <b>Cable length</b> | 1.2 m                                    |
| <b>Power supply</b> | Input: 100-240 V<br>Output: 5,1 V, 2,5 A |

### System requirements

Tested for compatibility with all revisions of Raspberry Pi® with Micro USB port like: Raspberry Pi® 1 Model B+, Pi® 2 Model B, Pi® 3 Model B and Model B+, Zero and other micro USB powered devices like smartphones

### Logistical data

|                             |                  |
|-----------------------------|------------------|
| <b>Packing unit</b>         | 50 pcs. / carton |
| <b>Total weight</b>         | 6.8 kg/carton    |
| <b>Gross weight</b>         | 0.115 kg         |
| <b>Net weight</b>           | 0.082 kg         |
| <b>Dimension/Carton</b>     | 530x300x260 mm   |
| <b>Dimension packing</b>    | 45x103x85 mm     |
| <b>Dimension of article</b> | 60x25x85 mm      |
| <b>Country of origin</b>    | China            |
