RGB LIGHT SYSTEM

Customize your gaming desk with RGB lighting. Choose the color that suits your mood or a scheme to fit your gameplay.

EXTRA LARGE MOUSEPAD

We have included a generous sized mousepad (80x30cm) with stitched edges, that can be used not only with your mouse but also be placed under your keyboard, providing a very comfortable experience.

COMPACT FORMAT

Sometimes space plays a big role while planning your setup. Alpha Gamer Lectra has a compact structure, making it easy to fit into smaller spaces. Although compact, it has a 120x64cm table top (width x depth) that allows for a full setup with lots of accessories.

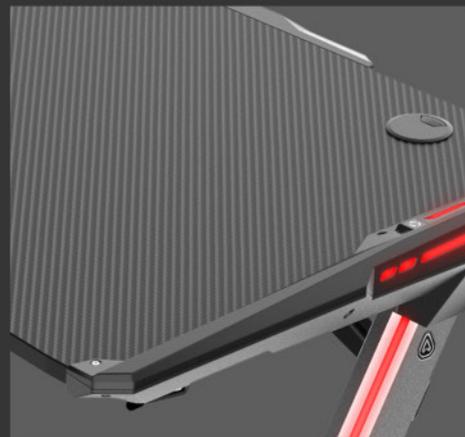

CABLE MANAGEMENT

Route your cables, keep your desk organized and with a great look. Alpha Gamer Lectra has two routing holes with rotative lids. Simply open the lids and pass the cables through.

HEADSET HANGER

Know where your headset is at all times.

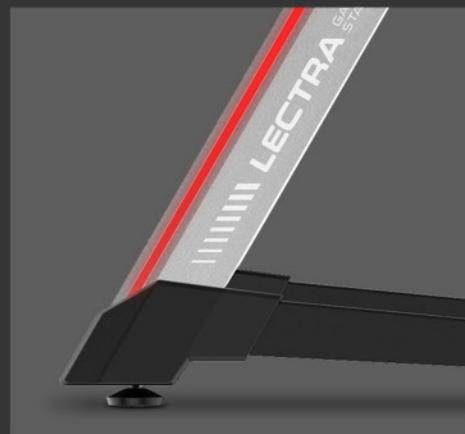

TEXTURED TABLE TOP

A smooth carbon texture finish.

SOCKET BOX

A dedicated electrical compartment.

ADJUSTABLE FEET

Making sure it's always leveled.
