

DEEBOT 1000

Features

MAX Mode
Three cleaning levels
App Control
Smart Home compatible

Easy cleaning while you're on the go

Your robotic vacuum cleaner with app control and
smart home compatibility

Live Smart. Enjoy Life.

DEEBOT 500

Find more time for the nicer things in life. The DEEBOT 500 can handle even stubborn dirt thanks to an electric rotating main brush and MAX mode for additional suction power. The app control and smart home compatibility guarantee effortless cleaning of your home, even when you are not there.

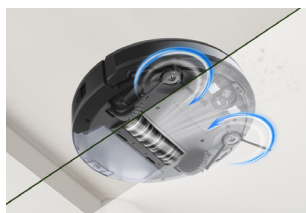

FEATURES

MAX mode for double the cleaning power

If you have a special occasion coming up, then you can give your home an intensive clean. The normal suction power is perfect for daily cleaning, but when it's time for an extra-thorough clean, MAX mode provides double the suction power to remove even stubborn dirt.

Electric rotating main brush for more thorough cleaning

The intelligent design of your robotic vacuum cleaner ensures that no dirt is left behind. Regardless whether on carpets or hard floors, everything is thoroughly cleaned thanks to the three cleaning levels with side brush, electric rotating main brush and the suction function.

The right solution for every problem

The flexible cleaning programmes provide the right type of cleaning for every situation. Auto mode is ideal for deep cleaning, Edge mode will clean along the edges and the spot cleaning function comes into play when you want to give a certain area an intense clean.

Compatible with Google Home and Amazon Echo

Your DEEBOT is compatible with the smart home and takes care of the housework for you. Simply use Google Home or Amazon Echo to control your DEEBOT by voice command.

Intelligent Technology

Easy to use. Easy to maintain.

Daily time scheduling.

Automatic charging.

Obstacle detection.

Stair safety technology.
