ICY BOX **IB-HUB1419-U3** 4-port USB 3.0 Hub

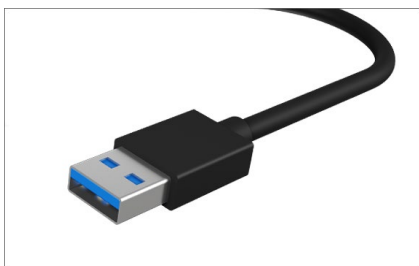

Quad USB Power

Favourite holiday photos need to be shared quickly with friends and family? No problem! The USB 3.0 standard makes it possible to transfer data with up to 5 Gbit/s to several devices simultaneously - without having to repeatedly plug in different media. This not only saves time, but also gives comfort.

Simple - chic

The IB-HUB1419-U3 is made of aluminium and is therefore especially light but robust. With these features, the hub is the ideal partner on the road. However, its design doesn't lose any of its importance, so the hub presents itself in a simple look with a sandblasted surface.

Integrated cable

The question "Where did I leave the right cable now?" is over. The cable is always available.
