# Privacy Filter 34" 21:9 for Curved Monitor

## eSTUFF Standard Privacy Filters – Everyday Protection for Your Screen and Your Privacy

Safeguard your sensitive information wherever you work – whether you're commuting, in a meeting, or at your desk. eSTUFF's Standard Privacy Filters help protect login credentials, personal data, and confidential business information from unwanted glances.

### Clear View for You, Privacy from the Sides

Enjoy sharp, clear screen visibility when viewing straight on, while the filter's advanced "black-out" technology blocks side views beyond a 60-degree angle. It's a simple yet powerful way to keep your screen private in public or shared spaces.

### Added Screen Protection, Smooth Touch Experience

Beyond privacy, the filter acts as a protective layer for your screen, helping prevent scratches and surface damage. Its smooth finish ensures effortless swiping, tapping, and typing.

- Blocks side views beyond a 60-degree viewing angle
- Reduces 51% (±5%) of blue light transmission (blue ray wave 440-460 nm)
- Reversible with glossy and matte viewing options

## Specifications
