

ThinkSmart View

MICROSOFT TEAMS DISPLAY

Smarter
technology
for all

Lenovo

ThinkSmart View is smarter technology that will completely change how employees work from the moment they start using it. As the first ever Microsoft Teams display, ThinkSmart View acts as an administrative companion to the PC so that users can be fully productive and collaborative at the same time.

Featuring an ambient touchscreen and the familiar Cortana* voice-activated smart assistant, ThinkSmart View enables users to continue working on their PCs while this all-in-one dedicated Teams device handles chats, calls, voicemail, and videoconferencing. It also provides hands-free access to calendars, files, and more. From executive suites to remote offices to common areas, ThinkSmart View will transform how employees work by providing a smarter device that works better together with their PCs.

ThinkSmart View MICROSOFT TEAMS DISPLAY

SMART STARTS HERE

ThinkSmart View helps modernize the way people work by bringing smart assistant technology into the office. With Cortana* voice assistant and an ambient display, ThinkSmart View gives users activity updates at-a-glance plus quick, voice-activated access to calendar, chats and teams, meetings, files, and more. From private and home offices to hotdesking in shared workspaces and privacy booths, employees will enjoy greater productivity and easier collaboration.

SUPER PRODUCTIVITY

With features like the time-saving one-touch Microsoft Teams meeting start and hands-free Cortana* voice assistant, ThinkSmart View helps users get more out of the work day. When paired with a PC, this smart device can be used for voice and video calls, content viewing and file sharing, replying to chats and teams, and so much more, freeing up the PC for more productive work. IT professionals will stay more productive, too, with the personalized service that Lenovo's Premier Support—bundled with every ThinkSmart View device*—provides each step of the way.

GO TEAM

As a fully dedicated Microsoft Teams device that's voice-ready out of the box, ThinkSmart View offers a friendly, familiar interface for richer, content-centric meetings and seamless collaboration between team members.

ALWAYS SECURE

With a built-in camera shutter, microphone mute button, and secure sign-in, ThinkSmart View offers security and privacy whether in use or at rest. Cortana* enterprise-grade software meets Microsoft 365 privacy, security, and compliance commitments for added assurance.

fully dedicated

Easily chat, access your calendar and files, join video meetings and calls, and initiate other activities using this all-in-one Microsoft Teams display.

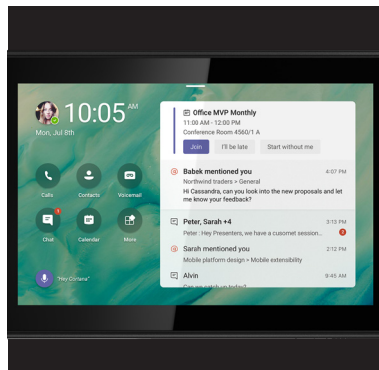

intelligent collaboration

Rely on the ambient display to provide important alerts and notifications while Cortana's hands-free voice assistance* maximizes multitasking.

enterprise security

Secure sign-in, enterprise-grade call security, plus a mute button and camera shutter for privacy ensure that users can work with confidence.

bundled services

ThinkSmart View comes bundled with Lenovo's award-winning, personalized Premier Support to help you make the most of your ThinkSmart technology investment. You'll receive advanced technical support available 24/7/365. Premier Support service for ThinkSmart View comes with Depot Service in lieu of Onsite Service. It is not eligible for parts and labor prioritization for work requests or for the Lenovo Service Connect portal. Premier Support is not available as a bundled service in all markets.

optional services

Lenovo's Smart Office Professional Services offer personalized, end-to-end support to help you make the most of your ThinkSmart technology investment.

ASSESS

Lenovo is here to help identify any issues that could sidetrack your deployment by providing a detailed assessment of potential red flags and a follow-up report.

DEPLOY

From virtual deployment installation to integration assistance, Lenovo ensures your ThinkSmart devices function optimally in your office environment.

MAINTAIN

Our easy-to-follow do's and don't's, remote check-ins, and assistance with ongoing security patches and updates take the stress out of updates and device changes.

TRAIN

Lenovo helps instruct all your audiences—IT and AV support teams, end users, and executives—on how to fully take advantage of your new technology.

ONSITE

Lenovo provides white glove treatment through a dedicated, on-site specialist who can complete physical set up, installation, configuration, and device troubleshooting.

accessories

LENOVO THINKPAD X1 ACTIVE NOISE CANCELLATION HEADPHONES PN: 4XD0U47635

These lightweight and stylish headphones provide professional conferencing sound quality with ANC/ENC settings. Connect or charge via USB Type-C or Bluetooth® 5.0.
