- Come home to a house filled with light

Easy control and comfort

- Set timers for your convenience
- Control it your way

Full control from a smart device with the Hue bridge

- Requires a Philips Hue bridge

Specially designed for your outdoor spaces

- Weather-proof (IP44)
- High-quality aluminium and superior synthetics

Highlights

Special light for special occasions

Holiday cheer starts here – with smart light! Use your Philips Hue lights to transform your home into a festive experience: bright reds and greens for Christmas, subtle pastels for spring or even an eerie purple glow to create the most haunted house on the street at Halloween.

Decorate for the holidays with light

Holiday cheer starts here – with smart light! Use your Philips Hue lights to transform your home into a festive experience: bright reds and greens for Christmas, subtle pastels for spring or even an eerie purple glow to create the most haunted house on the street at Halloween.

Come home with light

Set your Philips Hue app to recognise when you're almost home. Before you even step out of your car or walk up the path, your selected smart lights turn on automatically.

Set timers for convenience

Enjoy longer evenings outside, finish the gardening or just take the rubbish out after sunset. Have your Philips Hue lights turn on automatically by setting schedules or using the sunset/sunrise routine. And of course, you can also turn off or dim your lights this way. You'll never have to worry whether you've left any lights on.

Control it your way

Connect your Philips Hue lights with the Bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add the indoor switches to your system to change your lights. Set timers, notifications, alarms and more for the full Philips Hue experience. Philips Hue even works with Amazon Alexa, Apple Homekit and the Google Assistant to allow you to control your lights with your voice.

Requires a Philips Hue bridge

Connect your Philips Hue lights with the Bridge to control your lights from your smart phone or tablet via the Philips Hue app. Or control your Philips Hue lights with the Philips Hue dimmer indoor switch for on/off and dimming functionalities.

Weather-proof (IP44)

This Philips Hue outdoor fixture is specially designed for use in outdoor environments and has undergone rigorous tests to ensure its performance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This lamp is designed with IP44: it is protected against water splashed from any direction. This product is ideal for general outdoor use.

High-quality

The products are made specifically for outdoor use. We use the highest-quality materials to ensure the best performance in outdoor conditions, as well as smart use of materials to optimise radio frequency.
