For Philips Avent bottles and other leading brands

- Compatible with most leading bottle and baby food jar brands

Warms milk in as little as 3 minutes*

- Defrost function for frozen milk and baby food containers
- Smart temperature control selects the ideal heating mode

Highlights

Manages temperature for you

Set the milk volume, press start and let the smart temperature control take care of the rest for you. It detects the milk's initial temperature and quickly warms it to the ideal temperature and keeps it there for up to 60 minutes.

Easily defrosts frozen feeds

Like to keep the freezer stocked with extra feeds? The bottle warmer quickly defrosts milk and baby food containers too.

Supports transition to solids

When your little one is ready to graduate to solids, the bottle warmer also defrosts and warms baby food containers.

Less time in the kitchen

Designed with just one piece so cleaning is easy and you can enjoy more time with your little one.

Ready whenever you are

Our bottle warmer keeps milk warm for up to 60 minutes, just in case you need more flexibility around mealtime. Then automatically shuts off, giving you peace of mind.

Fits your baby's favourites

Designed to fit your baby's favourite Philips Avent bottles and most leading baby bottle and baby food jar brands.
