S Pen with handwriting recognition and remote control

The Note10 Lite reliably recognizes your handwriting and converts it into exportable text. With the S Pen connected via Bluetooth, you can click through a presentation or take a picture. Or you can even make a grocery list or take notes during a meeting with Screen Off Memo. Screen Write lets you simply review a document or a PDF and crop and write on a picture.

Take Photos like a Pro

With up to four camera lenses, you have the best equipment whatever the setting. Crisp pictures in low lighting or wonderful landscapes with the ultra wide lens and high-definition close-up shots thanks to the 2x optical lens.

Performance and Battery

Real flagship processor, 6 GB RAM and 128 GB internal memory for the highest performances to inspire creativity. The large 4500mAh battery lets you enjoy your phone for longer. When your battery power is low, its super fast charging technology gets your phone back to 100% in no time.
