

SKU/Part Number: PS591C-0C501M

- Intel® Core™ i5-8250U Processor
- Windows 10 Pro
- From July 1 to September 30 notebook includes a 15.6" carrying case (OA1177-CWT5B) and mouse (PA5224U-1ETB) at no additional charge

Processor

8th Generation Intel® Core™ i5-8250U processor (6M Cache, up to 3.40 GHz) with Intel® Turbo Boost Technology 2.0, Intel® Hyper-Threading Technology and Intel® Virtualization Technology

Operating System

Windows 10 Pro

Key Features

Full sized HDMI Connector
Full sized RGB Connector
Spill-resistant Raised Tile Keyboard with 10-key

Memory

8GB DDR4 2400MHz (max 16GB)
Not user replaceable, 1 of 2 slots occupied

Storage

256 GB M.2 SSD

Display System

16:9 aspect ratio
LED backlit
15.6" diagonal widescreen TFT display at 1366 x 768 native resolution (HD)
Native support for 720p content

Graphics Controller

Intel® UHD Graphics 620

Communication

HD webcam with TruTalk™ dual microphones
Intel® Ethernet Connection (10/100/1000)
Webcam with TruTalk™ Dual Microphones
Intel® Dual-Band Wireless-AC 8265
Bluetooth

Sound System

Built-in stereo speakers

Expansion

Memory Card Reader
Secure Digital, Secure Digital High Capacity, Mini SD Card, Micro SD Card, SDXC, Multi Media Card [shared slot may require adapter for use]
Audio: Microphone input/ Headphone output (shared)

Security: Slot for security lock
Weight: Starting at 5.0 lbs (2.25 kg) depending upon configuration
4 USB 3.0 ports
RJ-45 LAN port

Pointing Device

Touch pad pointing device with multi-touch control

Additional Software

TOSHIBA Service Station
1 month trial for new Microsoft® Office 365 customers
TOSHIBA Fingerprint Utility
TOSHIBA Start

Physical Dimensions

Colour: Graphite Black
Dimensions (W x D x H): 14.9" x 10.2" x 0.95", 379mm x 258mm x 24.0mm

AC Adapter

45W (19V) 100-240V/50-60Hz AC Adapter

Battery

4 cell/45 Wh Lithium Ion battery pack

Security

Reinforced Security Cable Lock Slot

Toshiba EasyGuard

Wireless Communication On/Off
Toshiba Eco Utility
LCD Cover Face and Point pressure Resistant Design
Voice-over-IP Ready Design
FN Shortcut Keys
TOSHIBA HW Setup Utility
Trusted Platform Module v2.0
HALT Tested Design
Hinge Design Enhancement

Environmental Credentials

RoHS
EPEAT Gold
ENERGY STAR Qualified

Warranty

This notebook comes with a three (3) year parts and labour Limited International Warranty including the original battery. Pre-installed software is excluded from

this standard limited warranty. For complete details on this warranty program and other Warranty Programs such as On-site and Next Business Day Service visit ca.dynabook.com

Disclaimer

1 Toshiba of Canada Limited Information Systems Group shall not be liable for damages of any kind for use of this information, which is subject to change without notice.

Central Processing Unit ("CPU" Performance Disclaimer: CPU performance in your computer product may vary from specifications under the following conditions:

use of certain external peripheral products use of battery power instead of AC power use of certain multimedia games or videos with special effects use of standard telephone lines or low speed network connections use of complex modeling software, such as high end computer aided design applications use of computer in areas with low air pressure (high altitude >1,000 meters or >3,280 feet above sea level) use of computer at temperatures outside the range of 5°C to 35°C (41°F to 95°F) or > 25°C (77°F) at high altitude (all temperature references are approximate). CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer product may automatically shutdown. This is a normal protective feature designed to reduce the risk of lost data or damage to the product when used outside recommended conditions. To avoid risk of lost data, always make back-up copies of data by periodically storing it on an external storage medium. For optimum performance, use your computer product only under recommended conditions. Read additional restrictions under "Environmental Conditions" in your product Resource Guide. Contact Toshiba Technical Support for more information.

Hard Disk Drive Disclaimer: 1 Gigabyte (GB) means 1,000,000,000 bytes using powers of 10. The computer operating system, however, reports storage capacity using powers of 2 for the definition of 1 GB = 1,073,741,824 bytes, and therefore shows less storage capacity. Available storage capacity will also be less if the product includes pre-installed operating system and/or application software. Actual formatted capacity may vary.

GPU: Graphics processor unit ("GPU") performance may vary depending on product model, design configuration, applications, power management settings and features utilized. GPU performance is only optimized when operating in AC power mode and may decrease considerably when operating in battery power mode.

Memory: Part of the main system memory may be used by the graphics system for graphics performance and therefore reduce the amount of main system memory available for other computing activities. The amount of

main system memory allocated to support graphics may vary depending on the graphics system, applications utilized, system memory size and other factors. For PC's configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration.

TFT Display Disclaimer: Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology.

LCD: Over a period of time, and depending on the usage of the computer, the brightness of the LCD screen will deteriorate. This is an intrinsic characteristic of LCD technology. Maximum brightness is only available when operating in AC power mode. Screen will dim when the computer is operated on battery power and you may not be able to increase the brightness of the screen.

Weight: Weight may vary depending on actual configuration.

Battery: Battery life may vary considerably depending on product model, configuration, applications, power management settings and features utilized, as well as the natural performance variations produced by the design of individual components. Published battery life numbers are achieved on select models and configurations tested by Toshiba at the time of publication. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see the accessories information that shipped with your computer or visit the Toshiba of Canada website at toshiba.ca/accessories

Software: The included additional software is subject to change without notice. No substitution of software permitted. For further information please visit toshiba.ca/support

Subject to Change:

While Toshiba has made every effort at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, prices, system/component/options availability are all subject to change without notice. For the most up-to-date product information about your computer, or to stay current with the various computer software or hardware options, visit Toshiba's website at toshiba.ca/support
